**Example: Order 7 Single-User Licenses of both ACADZ AMHS & Semiconductor Libraries TM at \$1,871.00/license for a total of \$13,097.00.** License allows ACADZ Semiconductor Libraries TM to be installed on a single computer to be utilized by a single user. The user is also granted the right to install ACADZ Semiconductor Libraries TM on a portable or home computer, provided the computers are not used simultaneously. Includes one set of manuals for each license. Access to technical support is provided to all registered users; Upgrades to newer versions are fee-based.

### Concurrent-User Licenses (Networked)

	ACADZ AMHS Library	ACADZ Semiconductor Library	ACADZ AMHS & Semiconductor Libraries
1 to 4 licenses (each)	\$1,032	\$1,916	\$2,949
5 to 9 (each)	\$773	\$1,437	\$2,211

**Example: Order 7 Concurrent-User Licenses of both ACADZ AMHS & Semiconductor LibrariesTM at \$2211.00/license for a total of \$15,477.00** License per concurrent-user on computers connected by a local area network running a single license manager. The Concurrent-User is not locked to a specific CPU, rather it allows a specified number of simultaneous users to access ACADZ Libraries from any licensed computer platform on that network. Any type of supported system can use licenses as long as they are used under a single user license manager. Includes one set of manuals for each license. Additional Manuals can be purchased.

Concurrent-User Licenses are subject to an annual renewal fee for support upgrades. This allows for continued technical support for the following 12 months and any upgrades to newer versions that may be released during that time period. This fee is payable on the anniversary date of the original purchase and is equivalent to 20% of the cost of a new Concurrent-User at the time of renewal. ACADZ Libraries™ work with Extend + Manufacturing for Windows only. All copies must be purchased at the same time to be eligible for discount pricing. Shipping charges will be added to your order. California residents: add appropriate sales tax. Prices are subject to change without notice.

\*This pricing is for ACADZ Libraries only and does not include a copy of Extend + Manufacturing. Extend + Manufacturing pricing is available at [www.imaginetatinc.com](http://www.imaginetatinc.com).

MIVP® algorithms are not sold with ACADZ Semiconductor Libraries but can be licensed separately after a consultation. MIVP® algorithms information is available at [www.acadzinc.com](http://www.acadzinc.com).
